

CCS Hardware Proposal Requests for remainder of 2016 - 2017

Please feel free to submit requests for as many of the following items as you wish. Each item will be evaluated separately using the rubric provided at the bottom of this document. You may email any questions to techdirector@clevelandcountyschools.org. We will choose vendor(s) to use for the following items. Base your proposals on the cost of a single item. Unfortunately, due to the nature of the process, it is impossible for us to provide a firm quantity estimation on these items. Selected vendors will be used to purchase products during the 2016 - 2017 school year.

All proposals should be emailed to techdirector@clevelandcountyschools.org before 10:00 am on August 2nd.

Item 1: Chromebook New Laptop

- Currently use Dell 11 inch Chromebook
- End of Life date must be after January 2020

- Include both Makerbot Replicator and Makerbot Replicator Mini
- Include Digitizer 3D Scanner
- Include Extended Warranty as a separate option

Each submission should be clearly marked with the Item number, cost and details about the specifications of the product quoted. Score reductions will be assessed for items that are unclear concerning specific product information.

While substitutions will be accepted and reviewed, please keep in mind that we will make every effort to keep our hardware inventory as consistent as possible and prefer to stay with similar product lines in an effort to reduce our total cost of ownership.

On all items, include shipping costs as a separate line item or clearly identify the product as qualifying for free shipping.

Rubric:

Proposals will be evaluated based on the best value as determined by the following rubric...

Product Cost 30 points

Other Costs associated with product 20 points

Product Quality and Compatibility 25 points

Prior Vendor Experience & Performance 15 points

Ability to provide multiple products within the bid 10 Points
