

Educator Access to the Online Licensure System

This provides an overview of how the educator will register, access an application that a school system has created, and the other functionality that is available.

Existing license holders should be encouraged to register and access their online account and update their contact information.

Note: If you have applied for an initial alternative license for an educator they will be automatically registered and a password emailed to them. They should not manually register.

1. The educator will select the NCDPI Registration link on the log in page.

The screenshot shows the NCDPI Home Page. At the top left is the logo for Public Schools of North Carolina. A "Contact Us" link is in the top right. The main content area is titled "NCDPI Home Page" and includes a welcome message. Below this, there are two tabs: "General Public" and "NCDPI Sign-in". Under "General Public" is a link for "Verify a License". Under "NCDPI Sign-in" are input fields for "User ID:" and "Password:", a "Log On" button, and links for "Forgot your password? Click here." and "Forgot User ID? Click here.". At the bottom, a green bar says "Click below to create a new online account" with a red-bordered link for "NCDPI Registration".

2. The educator will enter and submit their unique account information. After submitting this information, the educator will receive an email with a temporary password. On first login they will need to change their password.

3. After changing their password, the educator will see the onboarding screen, which will guide them through the process of adding their license to their online account.
